To treat the consciousness of the people of Earth, invoking the Cosmic Christ Consciousness to sweep through each one, is to assist Saint Germain's Golden Age in a manner beyond description, for when hundreds of thousands of people begin to use their consciousness in a constructive manner. the building of the incoming Golden Age will go on in a manner that will surprise even the most progressive of natures.

We cannot urge you too much to allow the Light of the Spiritual Sun and the Ascended Jesus Christ and the Powers of Light to play through the consciousness. Ask Them to qualify your thought and feeling processes with Their Ascended Master feeling of ease and peace and harmony. You cannot get your spiritual freedom by effort of human will. It is a Gift of Grace alone, but if you will invoke and then allow the spiritual essence that flows from the Hearts of the Ascended Host to bathe your inner soul in the Light of Their Celestial Presence, the conditions in your body and your world will begin to ease up. The outpouring of Light from the Presence of God is the only peace that any lifestream will ever enjoy and if you solicit that outpouring sincerely, you will have it.

Now, may the enfolding Love and the Abiding Presence always be a garment of protection around you as you go forward to your Eternal Freedom.

Blessings and Love,

MAHA CHOHAN

Beloved Children:

Many of your letters contain the question as to whether the Masters have places of worship in the Higher Octaves and if They attend Divine Service. My answer is 'yes'; the Masters do have beautiful places of worship and exquisite cosmic services dedicated to the adoration of the One Great and Good God. The church worship of the people of Earth is but a pale reflection of the glorious united devotion of the Celestial Host, and of the Perfected Beings who dwell in interstellar space

The Ascended Beings, the Angelic Host, which includes the Cherubic and Seraphic Kingdoms, have all become perfect expressions of God by reason of Their love for God - Their devotion to God's service, Their constant outpouring of attention and energy toward the beneficent Source of ALL GOOD. Would it not, therefore, be strange if such embodied expressions of holiness and truth did not join together in adoration to the Spirit of all Life? Rather be it said that the Earth worship reflects the worship of the Heavens.

When individuals leave the orthodox beliefs and enter into the metaphysical plane, they come to a place of barrenness wherein there is no such cooperative devotion, but later they come again into an obedient, illumined devotion which forms the core, or the heart center, when they enter within Saint Germain's Ceremonial Ray. Many people think that because individuals have made their ascension there is no longer need for worship, and that as

every Master's Heart is His Shrine and Altar, he may not choose to join with the others in His outpouring to the Eternal Father. This is not the case. The worship, the rituals which draw Earth children together in a dutiful manner is also the heart center of spiritual development in the Higher Octaves.

To see the great hosts of Divine Beings gathered together in celestial service; to hear the outpouring of their heavenly music; the song and chants of the angelic choirs; the tremendous radiation of the presiding Masters - is to draw into the soul a vision of the future when the Ceremonial Ray of Saint Germain will be, in like manner, expressed through the people of Earth.

These great cosmic gatherings of spiritual worship in adoration to God, of course, emit a tremendous radiation of Light. That substance flows into the Devas who are Guardian Angels of the cathedrals and churches of earth, and that is why in those places of worship individuals are so often caught up in an ecstasy and devotion to God.

For you, as students, to call forth those great ovals of Light emitted from these spiritual, devotional services and ask that they be established around your Sanctuaries and homes would be a tremendous service in the evolution of the planet and then you would see Saint Germain's endeavor begin to express, universally, that for which it was intended. You often ask how you may assist us in this spiritual work, and this is one way by which you can become of great value to Our Cause. Project the beam of your attention into the Octaves of Light. Draw the sweet essence from above into your beings, and practice, like the angels, to become radiating centers in your various homes, Sanctuaries and vicinities.

Blessings and Love,
MAHA CHOHAN

My Beloved Little Correspondents:

Oh, can you feel the love within My Heart for you - sweet, innocent, faithful, hopeful little souls unfolding? I love each one of you as a mother loves her children. Do you know how much My Lifestream is woven into your energies? Do you know how much of your life has become a part of My Aura as we have interchanged back and forth, month after month, the dedicated, consecrated energies of our lives in mutual correspondence?

We are in the heart of the Easter Season and so many of Us have contributed to that Season. Those of Us who were present at the tomb that first Easter morning recall with joy the incidents which made the Victory of the Resurrection a manifest example that yet stands before mankind, and which will one day help them to resurrect, from within themselves, the Christ Spirit. You see it is My service to Life to guard the breath and to give it into the keeping of the soul at the moment of birth. I have stood, therefore, beside your mother when you were ushered into the world of form, and was really the first Intelligence to greet you on your arrival. At the close of your life span, I shall again stand by and your last breath will be gathered into My own Heart.

So it was required of Me to be part of the Cosmic initiation that took place on Golgotha, as
